DATA SHEET

GEKO

GEKO is a single-seat armchair with straight lines that easily integrates into all types of spaces and contexts.

Use

Suitable for reception areas, waiting zones, and relaxation spaces.

Seat and backrest

Solid wood interior structure, with a backrest suspension system using highly durable elastic straps. The interior seat is made of compacted chipboard and covered with high-density and HR polyurethane foam. Secured to the structure at 4 points.

Armrests

Solid wood internal structure covered with high-density and HR polyurethane foam.

Legs

The structure that provides support to the armchair is made of solid beech wood and can be varnished in any of the colours from our sample collection or in any colour specified by the client.

Upholstery

Choose from our wide range of waterproof vinyl fabrics with antimicrobial, antibacterial, and antifungal protection.

Certifications

Seniorcare Interiors holds the ISO 9001 and ISO 14001 certifications, attesting that its work processes maintain a high standard of quality, covering the entire product lifecycle from the design phase to production and subsequent distribution of the product.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.
