DATA SHEET

MULTI

Height-adjustable and folding overbed table designed as a complement for any of our beds or arm-chairs. Gas lifting mechanism for increased ease of use. Ideal for serving meals or as a support for objects, reading, etc. The tabletop is made of highly resistant compact material.

Usage

Overbed table for chairs, armchairs, lounge chairs, sofas, and beds.

Tabletop

Tabletop made of 12mm white compact board.

Structure and mechanism

Height-adjustable overbed table using a gas lifting mechanism for easy operation. It is possible to stop the elevation at any point along the entire range.

The table, once extended, can be rotated 360° in any direction. Once rotated, if desired, it can be locked in the desired position using a manual screw handle.

The structure is crafted from high-strength steel tubing with epoxy paint coating. The height is adjustable between 80 and 110 cm. The base provides great robustness to the table, consisting of a metal frame that supports the wheels, with two of them equipped with brakes to facilitate table locking.

Certifications

Seniorcare Interiors holds the ISO 9001 and ISO 14001 certifications, attesting that its work processes maintain a high standard of quality, covering the entire product lifecycle from the design phase to production and subsequent distribution of the product.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.
