DATA SHEET

PILÉ

PILÉ is a stackable wooden chair with armrests designed to seamlessly blend into any environment with its neutral and versatile aesthetic.

Use

Waiting rooms, dining rooms and relaxation spaces.

Structure

The chair features a sturdy base crafted from high-quality solid beechwood. Its rounded edges provide added safety for users. The chair is meticulously finished with a three-layer process of polyurethane varnishing.

Seat

The seat is made of particle board and is carefully covered with flexible, high-density and HR (high resilience) polyurethane foam. It securely attaches to the structure at 4 points.

Backrest

The backrest boasts an ergonomically designed wooden frame, ensuring a perfect fit to the user's back. It is covered with flexible, high-density, and HR (High resilience) polyurethane foam, providing both comfort and resilience.

Upholstery

Choose from our extensive selection of waterproof vinyl fabrics sourced from reputable suppliers. These fabrics offer excellent antimicrobial, antibacterial, and antifungal protection.

Certifications

Seniorcare Interiors holds the ISO 9001 and ISO 14001 certifications, attesting that its work processes maintain a high standard of quality, covering the entire product lifecycle from the design phase to production and subsequent distribution of the product.

Please consult the SENIORCARE finishing chart for information about the certifications of the fabrics.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.
