DATA SHEET

VANIA

A recliner chair with an enveloping design for maximum comfort. It reclines manually or with a motor and remote control. In its most advanced version, it is equipped with the lift function to facilitate standing up. It serves as the perfect complement in any relaxation or reception area.

### **Use**

Suitable for relaxation areas.

### **Seat and backrest**

Internal structure made of solid wood, with a seat and backrest suspension system using highly durable elastic straps. Covered with flexible, high-density, and high resilience (HR) polyurethane foam.

### **Armrests**

Internal structure made of solid wood covered with flexible, high-density, and high resilience (HR) polyurethane foam.

### **Mechanisms**

Manual recliner chair: the user can manually adjust the coordinated inclination of the backrest and footrest. Unlocking through a side lever.

Electric recliner chair: the user can adjust the desired inclination thanks to a remote control. Electrically powered.

During the opening, by keeping the button pressed, the user can complete the movement to the final relaxation position or interrupt it at any intermediate points. Once closed, the recliner returns to the sitting position.

Electric recliner chair + lift: the user can adjust the desired inclination using a remote control. Electrically powered.

During the opening, by keeping the button pressed, the user can complete the movement to the final relaxation position or interrupt it at any intermediate points. Once closed, using the same button, the user can continue the movement until the standing position.

\*WALL HUGGER MECHANISM: the recliner seat can open with a minimum distance of 5 cm from the wall.

### **Upholstery**

Great choice from our wide range of waterproof vinyl fabrics with antimicrobial, antibacterial, and anti-fungal protection.

### **Certifications**

Seniorcare Interiors holds the ISO 9001 and ISO 14001 certifications, attesting that its work processes maintain a high standard of quality, covering the entire product lifecycle from the design phase to production and subsequent distribution of the product.

Please consult the SENIORCARE finishing chart for information about the certifications of the fabrics.

Seniorcare Interiors is certified to ISO 9001 and ISO 14001 standards.
