

TECHNICAL DATA SHEET

LESTER

Design: Seniorcare Estudio

A collection defined by the simplicity of its lines, its functionality, and its robustness. The ideal option when a highly resistant product suitable for intensive use is required. The collection includes both chairs and chairs with armrests, featuring structures made of round steel tube with an epoxy-coated finish, available in a wide range of colours. The carefully crafted upholstery ensures maximum comfort in every piece.

RECOMMENDED USE

Waiting and rest areas, dining room.

STRUCTURES

Metal structure made of 30 mm diameter steel tube. Legs designed with a completely vertical drop to prevent tripping. Epoxy paint finishes available in a wide range of colours: white, black, aluminium, Sky Blue, Green, Pink, and Stone. The legs are fitted with polypropylene glides in contact with the floor.

SEAT

Inner seat made of compacted chipboard, covered with high-density (35 kg/m³) flexible fire-resistant polyurethane foam with high-resilience (HR) properties. Fixed to the structure at four points.

BACKREST

Ergonomically shaped wooden frame for perfect adaptation to the user's back. Covered with high-density (28 kg/m³) flexible fire-resistant polyurethane foam with high-resilience (HR) properties.

WEIGHT

LES0000M1 and M2 - 9 KILOS

LES0001M1 and M2 - 10 KILOS
