

Design: Seniorcare Estudio

A robust design with simple, timeless lines. Suitable for intensive use thanks to its reinforced solid wood structure, covered with expanded polyurethane foam. Manually reclinable, with seat and footrest upholstered in a single, continuous upholstery. Madison Relax is the perfect complement for any relaxation area or lobby. It brings the warmth of wood and offers multiple upholstery options in all the fabrics of our collection. Ideal for combining with any of our armchair collections featuring wooden structure.

TECHNICAL DATA SHEET

MADISON RELAX

Design: Seniorcare Estudio

RECOMMENDED USE

Waiting and relaxation areas, patient rooms.

SEATS AND BACKRESTS

Internal structure made of solid wood, equipped with a suspension system in the seat and backrest based on high-durability NEA elastic webbing. The high rubber content of these webbing straps ensures excellent resistance and outstanding performance.

Upholstered with high-density flexible polyurethane foam: 35 kg/m³ in the seats and 28 kg/m³ in the backrests, with high resilience (HR).

Continuous upholstery on the seat and footrest, designed to prevent gaps that could cause injuries.

ARMRESTS

Arms made of solid beech wood, available in natural, walnut, or oak finishes.

LEGS

Legs made of solid beech wood, varnished in natural, walnut, or oak finishes.

MECHANISM

Manual recliner mechanism - ZERO POSITION: allows the user to manually adjust the coordinated tilt of the backrest and footrest.

It includes the option to adopt the **ZERO GRAVITY position**, in which the legs are positioned at the same level as the heart to promote blood circulation. This is a maximum-relaxation posture that reduces pressure on the lumbar and cervical areas, contributing to a greater sense of well-being.

ECOLOGY

ISO 14001 Certified.

The production processes of SENIORCARE INTERIORS are certified according to the ISO 14001 environmental standards to minimize any impact on the environment.

Seniorcare Interiors holds the Registration Certificate in the Carbon Footprint, Compensation, and CO₂ Absorption Projects Registry of the Ministry for the Ecological Transition and the Demographic Challenge. Carbon footprint code: 2024-a3268

CERTIFICATES AND STANDARDS

ISO 9001 Certified

SENIORCARE INTERIORS has its quality management certified in accordance with the ISO 9001 standard across all processes of design, manufacturing, and marketing of its products.

WARRANTY

5 years

FINISHES

Wood: available in natural, walnut, or oak finishes.

Fabrics: all fabrics listed in our finishes book.

All our fabrics—except Apollo—are vinyl-based and feature antibacterial, antimicrobial, and antifungal properties.

They offer high abrasion resistance, reaching up to 300,000 Martindale cycles in some cases.
