RECOMMENDED USE

Support table for beds, chairs, armchairs, and sofas.

TABLETOP

Tabletop made of 8 mm grey HPL compact board.

STRUCTURE AND MECHANISM

Height-adjustable side table with a gas-lift mechanism for smooth and easy operation. The height can be set at any point within its full range of adjustment.

Once raised, the tabletop can rotate 360° in either direction, and can be securely locked in the desired position using a manual screw knob.

The support structure is made of high-strength steel tubing with an aluminium-coloured epoxy paint finish. Height adjustment ranges from 80 to 110 cm. The base provides excellent stability and consists of a metal frame fitted with castors, two of which are equipped with brakes to secure the table in place.

ECOLOGY

ISO 14001 Certified.

The production processes of SENIORCARE INTERIORS are certified according to the ISO 14001 environmental standards to minimize any impact on the environment.

Seniorcare Interiors holds the Registration Certificate in the Carbon Footprint, Compensation, and CO₂ Absorption Projects Registry of the Ministry for the Ecological Transition and the Demographic Challenge. Carbon footprint code: 2024-a3268

CERTIFICATES AND STANDARDS

ISO 9001 Certified

SENIORCARE INTERIORS has its quality management certified in accordance with the ISO 9001 standard across all processes of design, manufacturing, and marketing of its products.

WARRANTY

5 years

FINISHINGS

Metal structure: epoxy paint in aluminium colour.

Tabletop: 8 mm grey HPL.
