

TECHNICAL DATA SHEET

NOOR

Design: **Seniorcare**

A furniture collection designed to create highly comfortable spaces without compromising on refined design and a modern aesthetic. The pieces are manufactured using high-quality melamine boards with PVC edge finishes. All drawers are fitted with metal runners, and all doors feature press-fit metal hinges. Ergonomic handles ensure ease of use, and the high-quality fittings are designed for intensive use.

RECOMMENDED USE

Furniture collection for bedrooms and common areas.

UPHOLSTERED HEADBOARDS

Internal wooden frame covered with HR D25 foam. Upholstered in any fabric from our fabric collection. Rear fittings for wall mounting. Available with different upholstery designs: plain, striped, with visible piping, and button-tufted (capitoné). All models are available in heights of 80 cm and 120 cm.

Custom designs and heights are available upon request.

MELAMINE HEADBOARDS

Headboard with an overall depth of 50 mm. Manufactured in 30 mm melamine with a 20 mm hollow rear frame. Standard production heights are 80 cm and 120 cm, with the possibility of manufacturing in other heights upon request. Includes metal fittings for wall mounting.

MELAMINE FURNITURE

Top and side panels are manufactured in 30 mm melamine with PVC edging. Frames are made of 19 mm melamine with PVC edging. The backs of wardrobes and furniture are made of 3.2 mm board.

Wardrobes and furniture with doors are fitted with adjustable hinges, while units with drawers incorporate high-quality metal runners to ensure smooth opening and closing. All drawers and doors are fitted with chrome-plated metal handles designed for easy grip. Optionally, doors and drawers can be fitted with a lock.

Bedside tables are available in three versions: with a melamine plinth, with metal legs, or with four soft-rolling castors, two of which are fitted with brakes.

TABLES

Top and side panels are manufactured in 30 mm melamine with PVC edging. Structures are made of solid beech wood, finished with a three-coat polyurethane lacquer. Metal brackets are used for leg assembly.

ECOLOGY

ISO 14001 Certified.

The production processes of SENIORCARE INTERIORS are certified according to the ISO 14001 environmental standards to minimize any impact on the environment.

Seniorcare Interiors holds the Registration Certificate in the Carbon Footprint, Compensation, and CO₂ Absorption Projects Registry of the Ministry for the Ecological Transition and the Demographic Challenge. Carbon footprint code: 2024-a3268

CERTIFICATES AND STANDARDS

ISO 9001 Certified

SENIORCARE INTERIORS has its quality management certified in accordance with the ISO 9001 standard across all processes of design, manufacturing, and marketing of its products.

WARRANTY
