WAVE

Design: ODOSDESIGN

A collection of chairs and tables characterized by soft, welcoming rounded shapes. The chair stands out for its solid beech wood frame and generously sized, fully upholstered seat, ensuring optimal user comfort. On the back, it features a handle integrated into the structure, making the chair easy to move. The collection is designed for intensive use, offering an exceptional balance of quality and durability, making it an ideal choice for those seeking both elegance and functionality in their spaces.

RECOMMENDED USE

Common areas, rest areas, lounges, and bedrooms.

STRUCTURES

Structure made of premium solid beech wood, with rounded edges on all surfaces. The armchairs feature forward-positioned armrests to assist the user when standing up. The legs are fitted with technical caps made of highly wear-resistant thermoplastic material, protecting the flooring, reducing noise, and facilitating movement.

The chair version is stackable.

Both chairs and armchairs incorporate an ergonomic rear handle in beech plywood, designed to facilitate handling and positioning.

The tables feature an internal structural steel frame coated with thermosetting polyester epoxy paint, clad with solid beech wood mouldings for enhanced strength and durability. Legs in solid beech wood are fixed to the frame using internal screws.

Finished with a high-resistance polyurethane varnish applied in three coats.

SEATS (CHAIRS AND ARMCHAIRS)

Structural interior made of beech plywood, covered with high-density (35 kg/m³), high resilience (HR), flexible **fire-retardant** polyurethane foam. Securely fixed to the frame by mechanical fastening using screws.

BACKRESTS (CHAIRS AND ARMCHAIRS)

Backrest made of beech plywood. Available with a varnished finish featuring exposed wood or upholstered with a padded cushion in high density (28 kg/m³), high resilience (HR), flexible **fire-retardant** polyurethane foam.

TABLETOPS

Structural frame made of steel tubing coated with epoxy paint. The frame is clad with solid beech wood mouldings. Legs in solid beech wood, fixed to the frame with internal screws. Tabletop made of 19 mm MDF board with a laminated finish.

ECOLOGY

ISO 14001 Certified.

The production processes of SENIORCARE INTERIORS are certified according to the ISO 14001 environmental standards to minimize any impact on the environment.

Seniorcare Interiors holds the Registration Certificate in the Carbon Footprint, Compensation, and CO₂ Absorption Projects Registry of the Ministry for the Ecological Transition and the Demographic Challenge. Carbon footprint code: 2024-a3268

CERTIFICATES AND STANDARDS

ISO 9001 Certified

SENIORCARE INTERIORS has its quality management certified in accordance with the ISO 9001 standard across all processes of design, manufacturing, and marketing of its products.

UNE-EN 16139:2013vc2015 - Furniture. Strength, durability and safety. Requirements for non-domestic seating.

ANSI/BIFMA X5.1:2011 - Office seating. Comfort, safety and durability.

SENIORCARE INTERIORS products have been thoroughly tested by AIDIMME to exceed industry testing standards.

AIDIMME is a member of the European INNOVAWOOD network, and its testing laboratories are accredited by ENAC.

WARRANTY

5 years

FINISHES

Wood: all colour options indicated in our finishes book.

Upholstery: all fabrics listed in our finishes book.

All our fabrics—except Apollo—are vinyl-based and feature antibacterial, antimicrobial, and antifungal properties.

They offer high abrasion resistance, reaching up to 300,000 Martindale cycles in some cases.

Tabletops: all the laminated finishes listed in our finishes book.
